Acknowledgement of Country

We acknowledge, recognise and respect the elders, families and forebears of the Gadigal people of the Eora Nation who are the traditional owners of the land where Sydney Met is located. .

MESSAGE FROM THE CEO

Welcome to Sydney Metropolitan Institute of Technology, **Sydney Met** for short.

Sydney Met is a leading private higher education provider in Australia, distinguished by its vision for socially equitable and culturally responsive education. Sydney Met provides a transformational educational experience to inspire and equip the new generation of students from around the world. At Sydney Met, we embody a student-centred approach that requires a deep understanding of students' cultural background. This means providing a tailored educational experience that understands their values, cultural differences, assumptions and future plans. This is because we want to make sure students are engaged with their educational experience and outcomes, developing their thinking, skills and knowledge to help them excel in whichever path they choose.

Our motto of '*Education for Change*', reflects our belief that education is key to seeing social change for the better. This conviction has inspired Sydney Met's three goals: academic quality, equitable practice, and social impact.

We take *academic quality* seriously. We maintain high student standards both at enrolment and throughout the course. We are selective in staff appointments and generous in professional development. Our student-centred, hands-on approach to learning ensures that the Sydney Met experience produces a high calibre graduate, one who can attack their profession with confidence and achieve exceptional results.

Our goals are: *Quality education, equal opportunities for all students, and social impact.*

Our motto: *Education for Change*

We are committed to *equitable practice*. This means being inclusive for all cultures by recognizing the value of diversity, including the strengths and uniqueness of each person's background. We aspire to be an exemplar of equitable opportunities and support for all who work and study at Sydney Met.

We aim to produce graduates who are passionate about making positive social impact. Our motto, Education for Change, reflects Sydney Met's commitment to educating students who can make a difference. We anticipate that our graduates and alumni will be a spark for social change and innovative ideas that result in social and economic prosperity to their communities. The level of critical thinking and knowledge attainment we seek to impart on to our students aims to allow them to influence and shape debates on social change both in Australia and globally.

I look forward to welcoming you to Sydney Met and sharing your educational journey towards an exciting future.

PROFESSOR ROBIN KRAMAR

Chief Executive Officer (CEO)
Sydney Met

Sydney Metropolitan Institute of Technology (Sydney Met) is a leading higher education institute in Australia that responds to the need for a new culture in Australian higher education. At Sydney Met, students are not just numbers in our system. We recognise that each student has unlimited potential to contribute towards positive change and thus we place students at the centre of everything we do. As such, each student is provided with a unique, practical skill building, culturally flexible and socially committed learning experience.

Sydney Met offers Bachelor degrees in Business (Entrepreneurship), Information Technology and Social Work. All our courses are accredited by the Australian higher education regulator, TEQSA, and registered with the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS). The campus is near Town Hall Station in the Sydney CBD, and is easily accessible from around Sydney. In fact our campus is in the heart of Sydney city, only a few-minutes walk from train, light-rail and bus stations, meaning you will have no problem coming to and leaving the campus.

Sydney Met focuses on socially responsible, culturally engaged and high quality education, which sets us apart from other providers. Sydney Met values diversity and aims to help students develop their personal and professional skills, while deepening their understanding of the world. We foster critical thinking, creativity and excellence through a variety of unique opportunities for students to develop their characters and deepen their knowledge.

VISION

We want to change lives and produce graduates who engage deeply with their education and become agents of social change and innovation whether it be in Business, IT or Social Work.

GOALS

Sydney Met has three interconnected strategic goals: Academic Quality, Equitable Practice and Social Impact, summed up in its motto, Education for Change.

MISSION

We aim to deliver culturally appropriate and engaged education for students so that they become competent to function as professionals in real world settings.

Sydney Met works together with its students, graduates, educators and stakeholders to translate the agenda of 'Education for Change' and advance actions for progressive social change within diverse communities in Australia, the Asia Pacific and the world.

THE SYDNEY MET ADVANTAGE

Sydney Met offers a unique and innovative higher education experience to students from around the world. Sydney Met aspires to be known for its high-quality education and equitable teaching practices, which maximise social impact. We aim to produce graduates who can change the world. But to do so, we need a strong set of values to guide our decision making and that is exactly what we have.

CORE VALUES

STUDENT- CENTERED

We place students at the centre of what we do, integrating curriculum, teaching practice, learning support, pastoral care and career advice.

ACADEMIC EXCELLENCE

We strive for academic excellence. We seek to deliver culturally competent and socially responsible education, that empowers students to thrive with intellectual creativity and high ethical standards.

CREATIVITY & LEADERSHIP

We welcome new ideas from our students, staff and stakeholders in order to encourage leadership for entrepreneurial innovation and opportunities in the global context of diverse cultures.

DIVERSITY

Sydney Met's faculty, students and management value and respect people of all cultural backgrounds, and embrace cultural diversity as a key value.

INTEGRITY & OPENNESS

We encourage open discussion and constructive debate. We conduct ourselves with honesty, openness and integrity. We exercise candour with our stakeholders.

EQUITY

Each student has unique talents and a unique background which will allow them to contribute within Sydney Met and beyond. We strive to create an inclusive and supportive community in which the needs of each student are considered and all have a fair chance to succeed. We also promote equity and justice in the wider world in our commitment to disadvantaged and marginalised communities.

PARTNERSHIP

We partner with communities, businesses, governments and educational institutions in Australia and internationally who share our ethos, with the vision of achieving our strategic goal of producing graduates who can bring positive social impacts.

ABOUT SYDNEY AUSTRALIA

Australia is an incredible country with so much to offer international students. From its stunning landscapes to its vibrant cities, Australia is a unique place to study and explore. Its open, multicultural society makes Australia a welcoming and exciting destination for students from all part of the world.

For international students, Sydney is a great place to study. With its world-class education system, Sydney is an ideal place to pursue higher education.

<Landmarks of Sydney, Sydney Opera House & Harbour Bridge>

<Beautiful Blue, Bondi Beach Rockpool>

Sydney is also a great place to explore. Known for its café and restaurant culture, Sydney offers students an exciting social life. From its iconic landmarks, like the Sydney Opera House and the Harbour Bridge, to its many parks, waterways and beaches, there is something for everyone in Sydney. Nearby national parks and world-famous Blue Mountains offer pristine nature experiences for everyone.

For those who want to explore further, Australia is the perfect place. From the Great Barrier Reef to the Outback, Australia is home to some of the world's most stunning landscapes. Whether you're looking for a relaxing beach holiday, inspiring scenery or an adventure in the wilderness, Australia has something for everyone. With its diverse population, Australia is home to a variety of cultures, from Indigenous Australians to immigrants from all over the world. This makes it a great place to learn about different cultures and make new friends. Overall, Australia is an incredible place to study and explore.

BACHELOR OF SOCIAL WORK (BSW)

CRICOS 111670E

(Academic Excellence Award 2023; awarded to Evans Joseph Onyango; presented by Prof Sharon Moore)

This degree is accredited by;

Course Overview

With the rising awareness of issues around mental health, well-being, inequality and disasters, social workers have become an increasingly valued part of society. In these challenging times, social workers are more than ever in demand as providers of services, support, care, recovery and resilience.

Students will be well placed to add significant social, cultural and economic value to society through critical activities in social work (such as the development of charities and NGOs) and advocating for policies and practices that encourage the fair allocation of resources. Integrated field education is a core component of the BSW course, involving 1,000 hours of experience in work placements.

Career Opportunities

- Social Worker
- Child Protection Officer
- Case Manager
- Juvenile Justice Officer
- Family Counselor
- Child and Family Practitioner
- Community Development Worker
- Mental Health Practitioner

Study Options

4

Years

Normal Mode Full-time

8

Years

Part-time
(Only for Australian local students)

Course Highlights

Includes 1000 hours of field education and a Capstone Unit where students get real world experience.

Focusing on high student satisfaction rates and learning outcomes, reflected by developing the experiential and critical thinking competence in students that enables them to translate exciting ideas into culturally engaged actions.

Graduates either take the challenge of becoming socially responsible professionals, or proactively engage in the expanding field of social work careers.
